

Parish Plan Consultation: Draft Parish Plan Summary

Report to Burton Bradstock Parish Council

At our November meeting we considered a range of ways of improving consultation feedback on the draft Parish Plan 2020 – 2025. One of these was a Parish Plan “Lite” or summary. I have attached a draft summary of the Plan, managing to reduce the length to 8 pages (plus an Appendix of our proposed policies) without I hope losing any significant proposal.

I propose that the Summary be:

1. Finalised either at the meeting or by Saturday 9 January – this later finalisation being delegated to either me or the Chair in consultation with other Councillors by email;
2. Put on the Council’s website alongside the full draft Plan;
3. Advertised via social media and on our and village notice boards; and
4. Circulated via email (I have asked the Village Society’s Secretary if their circulation list may be used).

I further propose that the consultation period be extended to 3rd February, the date of the next Parish Council meeting, when the extent of feedback may be considered and whether any further consultation should be undertaken.

Councillor Graham Moody
