After introductions Jess Rice gave an overview of Community Emergency Planning and how it help us to become and more resilient Community. I have asked Lesley to write to Jessica to thank her for her time, contribution and offer to support us on an ongoing basis.

The discussion covered

It seem sensible to follow the plan template provided.

It would be good to get visibility of Bridport's plan – some of the details will be the same. Robert Hawes offered to obtain a copy.

Identifying and contacting all relevant stakeholders was seen and a key initial activity.

The importance of meaningful wider scale engagement and communications was agreed and a Communications Plan will be developed.

The 10 stage plan below was discussed and agreed to be a sensible approach and will form the basis of the forward plan.

All of those that attended the meeting agreed to be a member of the Community Emergency Group

Agreed the next meeting of the Community Emergency group would be on the 16th of February at the Reading Room with Zoom functionality if some uncomfortable attending in person.
